ABOUT US

The Pilbara Hub (TPH) is a locally owned and operated mechanical workshop based in Karratha, Western Australia. Established to deliver industry-leading solutions to the Pilbara region, TPH combines expert technicians, a modern purpose-built workshop, and advanced technology to provide a genuine one-stop solution for fleet, mining, construction, retail and industrial clients. Our mission is to bring innovation, reliability, and cost-effective maintenance solutions to the Pilbara.

Through strategic partnerships with leading Australian manufacturers and suppliers, we offer comprehensive vehicle fit-outs, fleet maintenance, specialised engineering solutions, and 24/7 field service support across the Pilbara.

CORE SERVICES

Some of the services that are offered by The Pilbara Hub include:

- Mechanical repairs and maintenance
- Auto electrical diagnostics, repairs, and installations
- Fleet maintenance and asset management
- Preventative and scheduled servicing
- Mobile breakdown with 24/7 response
- Field service and onsite repairs
- Vehicle diagnostics and fault finding
- Air conditioning servicing, repairs, and regassing
- Mine-spec vehicle fit-outs and compliance upgrades
- Vehicle modifications and accessory installations

MECHANICAL

AUTO ELECTRICAL

FIELD

MECHANICAL

The Pilbara Hub provides comprehensive mechanical maintenance, repairs, diagnostics, and upgrades. Operating from a fully equipped workshop with advanced diagnostic technology and specialised tooling, our experienced team delivers efficient, reliable, and high-quality solutions across mining, construction, transport, and industrial sectors, helping clients maximise equipment reliability and minimise downtime

AUTO ELECTRICAL

Our qualified Auto Electricians deliver expert installation, maintenance, and fault-finding services, including:

- Auto electrical diagnostics and repairs
- Air conditioning servicing and repairs
- Dual battery systems
- Solar charging systems
- Vehicle wiring and accessories
- Fleet electrical maintenance
- Mine-spec vehicle compliance
- Custom electrical fit-outs

We utilise industry-leading products and technology to maximise reliability and performance in harsh operating environments.

EQUIPMENT

- Light vehicles
- Heavy vehicles
- Trailers and semi-trailers
- Caravans and trailers
- Earthmoving equipment
- Mobile plant and machinery
- Cranes
- Mining and civil construction equipment
- Fleet vehicles and associated assets
- Auxiliary and support equipment

FIELD SERVICE

TPH operates a dedicated 24/7 field service network supporting clients throughout coastal and inland Western Australia.

Our field service capabilities include:

- Onsite repairs and maintenance
- Emergency breakdown response
- Fleet maintenance support
- Shutdown support services
- Oil & Gas industry support
- Remote site servicing
- Preventative maintenance programs

Our experienced technicians are equipped to mobilise quickly and minimise downtime for critical operations.

LABOUR HIRE

TPH can provide skilled labour hire solutions to support short and long-term project requirements.

Available personnel include:

- Mechanical Fitters
- Heavy Diesel Mechanics
- Auto Electricians
- Service Technicians
- Shutdown Personnel
- Site-Based Maintenance Personnel

Our workforce is inducted for most Pilbara sites and have strong experience across mining, construction, marine, transport, and industrial sectors.

TPH PARTNERSHIPS

TPH is the Northwest Distributor, Installer, and Service Agent for Kevrek Cranes.

Our services include:

- New crane sales
- Supply and installation
- Service and maintenance
- Dual battery integration
- Solar charging solutions

With four models available, Kevrek cranes provide versatile lifting solutions suitable for a wide range of vehicle applications.

ROCKSOLID

TPH is an authorised supplier and installer of the full Rock Solid range of trays and canopies.

- Capabilities include:
- Custom tray and canopy solutions
- Complete vehicle fit-outs
- Field service vehicle builds
- Mine-spec tray configurations
- Toolboxes and storage systems

We work closely with Rock Solid to deliver custom solutions tailored to Pilbara operating conditions, including the development of our custom "Pilbara" Field Service Tray.

TPH is the Northwest Dealer and Installer for Dwiz Diff Housings and Track Correction Systems.

Benefits include:

- Increased housing capacity (+720kg over OEM)
- Improved durability and reliability
- Track correction solutions
- Wide-track conversion kits
- Enhanced vehicle stability and performance

Designed specifically for Australian conditions.

PARTNERSHIPS CONTINUED
